# Secure Short-term Medical (STM)

## Why the Secure STM?

Accidents and medical troubles are impartial to your insurance status. They can happen at any time; and if you are without coverage, they can cause serious financial hardship. The Secure short-term medical (STM) insurance plan allows you to purchase quality, affordable major medical coverage on a temporary need basis. Coverage is provided for physician services, surgery, outpatient and inpatient care.

## Who qualifies for Secure STM?

The Secure STM is available to individuals age 18 to 64, their spouses and dependent children under age 19 (or under age 25 if a full-time student). All applying for coverage must have a social security number and answer "no" to all health qualification questions on the application. Child-only coverage is available for ages 2 through 18.

## How are benefits covered?

Secure STM pays benefits for each covered person in the following manner (subject to the specific benefit limits):

**First, you meet the deductible you selected.** Choose from five options: \$250, \$500, \$1,000, \$2,500 or \$5,000

**Next, the Secure STM plan pays** at the coinsurance level you selected, 80% or 50% of the next \$5,000 or \$10,000 of covered expenses

**After this, Secure STM pays 100%** of covered expenses up to your coverage period maximum of \$2 million

## Do I need to visit a network provider?

No. With the Secure STM you can visit any provider without restrictions or benefit reductions. However, if you visit a MultiPlan network provider, you may be able to take advantage of discounts for covered services.

## What is a Family Deductible?

With the family deductible, your insured family is only required to satisfy the deductible for three family members, for a maximum of three deductibles during the coverage period.

## What medical expenses are covered?\*

All of the following benefits are subject to the plan deductible and coinsurance. Benefits are limited to the Usual, Customary and Reasonable charge for each covered expense, in addition to any specific limits stated in your policy.

- Hospital charges paid at the average semi-private room rate, medical care and treatment
- Outpatient hospital or ambulatory surgical center charges
- Physician services for treatment and diagnosis
- Surgeon services in the hospital or ambulatory surgical center
- Assistant surgeon services up to 20% of the primary surgeons benefit
- Anesthesia services up to 20% of the primary surgeons benefit
- Intensive care up to three times the average semi-private room rate

- X-Ray exams, laboratory tests and analysis
- X-Ray and radioactive isotope therapy, anesthesia, oxygen, casts, splints, crutches, braces, surgical dressings, artificial limbs or eyes, rental of medical supplies
- Blood or blood derivatives and their administration
- Ambulance services up to \$250 per trip
- Gallbladder surgery up to a \$2,500 coverage period maximum
- Injury or disorders of the knees up to a \$2,500 coverage period maximum
- Organ, tissue or bone marrow transplants up to \$150,000 coverage period maximum
- Acquired Immune Deficiency Syndrome (AIDS) up to \$10,000 coverage period maximum\*\*
- Mammography, pap smear and screens

*\*Benefits may vary by state.*

*\*\*The AIDS maximum of \$10,000 per coverage period does not apply to policies/certificates issued to residents of AZ, CA, DC, ID, IN, ME, MO, NH, NC or ND. The maximum benefit in KS is \$75,000 per coverage period.*

## What is the Usual, Customary and Reasonable Charge?

A Usual, Reasonable and Customary means with respect to fees or charges, fees from medical services or supplies which are usually charged by the provider for the service or supply given and the average charge for the service or supply in the locality in which the service or supply is received; whichever is less, or with respect to treatment or medical services, treatment which is reasonable in relationship to the service or supply given and the severity of the condition. In reaching a determination as to what amount should be considered as Usual, Reasonable and Customary for services and supplies, we may use and subscribe to a standard industry reference source that collects data and makes it available to its member companies.

## Is there a pre-existing condition limitation?

Secure STM will not provide benefits for any loss caused by or resulting from a pre-existing condition. A pre-existing condition is any medical condition or sickness for which medical advice, a diagnosis, treatment, consultation or medication was recommended or received from a doctor within five years immediately preceding your Secure STM coverage effective date. It also includes symptoms which would have caused a reasonable person to seek diagnosis, care or treatment within five years immediately prior to the coverage effective date. The pre-existing condition limitation may vary by state.

## Do I need to pre-certify any treatment?

You must notify the pre-certification service 10 days prior to a non-emergency hospital admission or surgery and 48 hours (or as soon as reasonably possible) following an emergency admission to the hospital for pre-certification of admission. Failure to pre-certify will result in a benefit reduction of 50%. Pre-certification is not a guarantee of benefits.

## Is there a free look period?

If you are not completely satisfied with the Secure STM coverage, and you have not filed a claim, you may return the policy/certificate of insurance within 10 days and receive a premium refund.

## What are my payment options?

Choose from two convenient payment options.

- You can pay for coverage in **monthly** payments for up to **6 or 12 months at a time**. We accept monthly payments by check, money order, credit card or automatic bank withdrawal. If you select this option, and your need for insurance ends before your coverage period ends, you can cancel at any time through written notification to our Policy Service Department. (The 12 month coverage option is not available in all states.)
- The **single** payment option is ideal if you know the exact number of days coverage is needed. This option has a **special reduced rate** and you only pay for the coverage you need through one, single payment. You can pay in full for any number of days, from a minimum of 30 days to a maximum of 180 days of coverage by check, money order or credit card.

## When does my coverage start?

Your coverage can begin as early as the day following the U.S. postmark stamp on your envelope. If you apply online, coverage can begin the day following your online application submission. You can request a later effective date, but no more than 60 days after the application date. All coverage is subject to approval and payment of the first premium.

## How long will Secure STM coverage last?

Secure STM is specifically designed to fill a temporary insurance need. Coverage stops at the end of the period for which you apply. Depending on the payment option you select, coverage can continue for one to six or up to 12 months. *The 12-month coverage option is not available in all states.*

## Can I continue coverage?

If your need for temporary health insurance continues, you may apply for another Secure STM plan. Your application is subject to eligibility, underwriting requirements and state availability of the coverage. The next coverage period is not a continuation of the previous period meaning, amongst other things, a new pre-existing condition limitation will apply.

## When does coverage terminate?

Coverage ends when: the premium is not paid when due; you enter full-time active duty in the Armed Forces; you become eligible for Medicare; the elected coverage period expires; Standard Security Life Insurance Company of New York determines fraud or misrepresentation has been made in filing a claim for benefits; a dependent ceases to be eligible for coverage as defined in the policy; you cease to be a member of the association\*; or the group master policy terminates.

*\*Applies only to states where association membership is required.*
